

Perkhidmatan Nombor Mudah Alih [NMA]

Suruhanjaya Komunikasi Dan Multimedia Malaysia [SKMM] akan melancarkan Perkhidmatan Nombor Mudah Alih [NMA] pada bulan Ogos 2008.

NMA membolehkan pelanggan telefon mudah alih mengekalkan nombor mudah alih sedia ada mereka apabila bertukar daripada satu penyedia perkhidmatan kepada penyedia yang lain. Faedah MNP kepada pelanggan ialah penjimatan kos kepada pelanggan yang tidak perlu menukar nombor telefon manakala pada masa yang sama mempunyai kebebasan untuk memilih pembekal yang menawarkan nilai keseluruhan yang terbaik.

Kami menggalakkan BDM supaya menggunakan arahan SMS pada masa yang singkat ini apabila membeli Prepaid seperti berikut:-

Mobile Number Portability [MNP]

The Malaysian Communications & Multimedia Commission [MCMC] will be launching Mobile Number Portability [MNP] soon in August 2008.

MNP allows mobile phone customers to retain their mobile phone numbers while switching from one service provider to another. The main benefit of MNP to consumers is the cost savings to the porting customer of having to change telephone numbers while at the same time having the freedom to choose the network provider with the best overall value. With this move, it is expected to lead a more competitive and efficient communications environment.

Mobile Money would like to encourage it's members to take note of this development and to use the following SMS commands when purchasing Prepays to avoid future complications.

Network Provider	Send SMS Command To Gateway
Maxis [Rm5-Rm100]	Pay # Maxis#<Amount>#<Mmpin>#<H/P No. To Top Up>
